About the country:

Teheran, 15. Dezember 2014

The second largest OPEC producer, Iran sits atop 11 percent of oil and 18 percent of gas reserves in the world. Every year, the country hosts an international Oil Show in different oil, gas, refining and petrochemical sectors. It is among the most significant oil and gas events in the world in terms of the number of participants and its diversity. The presence of famous foreign companies as well as domestic producers and industrialists provide a good chance for mutual cooperation in view of signature of contracts.
